Electrosurgery Reference

Abbreviation Key

“L” Total Length

“WL” Working Length

Forceps Measuring Key

To determine the correct length of desired forceps, measure per corresponding key as illustrated. Use the rulers to the left to help determine the forcep length.

Forceps Tip Sizes

Single-use products are sold sterile.
Kits Include Forceps, 12 ft (3.6 m) Cord and Surgi-Wipe.

Product Complaint? Call 800-251-3000

Patient safety is our #1 priority. We are committed to delivering exceptional quality and service. Compliance with domestic and international medical device regulations is strictly maintained at all times.

Product complaints are addressed promptly by our Complaint Handling Team. Contact Customer Service and request a Return Material Authorization (RMA) to begin the investigation process. Please return the instrument (with the original package and label – if available) along with the RMA form.

A representative will contact you within 48 hours of receiving the returned instrument with details regarding the steps we will take to ensure you and your patients are satisfied with the instruments you purchase from us.

Single-use products are sold sterile.
Kits Include Forceps, 12 ft (3.6 m) Cord and Surgi-Wipe.

History of Symmetry Surgical's Energy Portfolio

In 1973, Olsen Medical introduced the first line of single-use monopolar electrosurgical handles for use as electrosurgical pens and pencils.

Now part of Symmetry Surgical, Olsen's innovative energy portfolio has expanded to include our Extendable Electrosurgical Pencil as well as a wide array of electrodes and monopolar forceps, cords and adapters to satisfy your needs.

Symmetry Surgical's Olsen Bipolar Forceps

In 1988, Olsen Medical introduced the first line of cost-effective, single-use bipolar forceps, and ten years later we introduced our innovative Midas Touch® non-stick bipolar forceps.

Today, as part of Symmetry Surgical, Olsen continues to focus on innovative and cost-effective ways to improve patient outcomes.

Single-use products are sold sterile.
Kits Include Forceps, 12 ft (3.6 m) Cord and Surgi-Wipe.
